He continues to say that John Tyler, of "Tippecanoe, and Tyler too" fame, lies steeping in an obscure place, and the only way in which the place he rests is known is that it is in the same lot with the grave of his daughter, and over whom a figure reconument was erected.

There is, according to this correspondent, an interesting mystery surrounding the neglect to memorialize this man who was the honored chief executive of our country for nearly four years.

On Friday next, July 16th, a merry party, made up of the members of the Old Dominion Fishing and Yacht Club, will sail away on its annual cruise, to be made in the deep blue waters of the Chesapeake Bay and the Atlantic Ocean. For twenty years has this club thus sailed, until the very name and title of Old Dominion Fishing and Yacht Club becomes suggestive and prophetic of long days of sailing over the sunlit seas, and nights at anchor, where the sailors are rocked in the cradle of the deep.

Then one thinks of the fishing, and the hauling of various and sundry specimens of the finny tribe from their native element, and of the log book of their craft, wherein to record the wondrous catches, of which to tell their friends when they come back home.

A Movement to Help the Sufferers at the Hospitals.

At the Woman's College on next Tuesday evening from 7 to 1 o'clock a lawn augurate a fresh-air mission. A number of charitably disposed young women have interested themselves in this noble work and hope to make a great success of it. They ask the public to come forward and help them. The schooner in which the club will sail from Richmond, on July 16th, is named the "William Young," and her captain's name is Emminizer, and a very good captain, too, from all that can be learned. Other vessels that have taken these captains on former cruises, which are

It has been the usual custom of the club to sail from Richmond at high tide on a date in July or August of each year, and make their first stop at Hampton Roads for a day's fishing.

THE BROAD ATLANTIC.

THE BROAD ATLANTIC.

As soon as these sailors get their sealegs on they point their vessel's prow towards the capes of Virginta, and then bear away for Cobb's Island and its neighborhood, where is fine shark-fishing.

Back they sail to the noble bay called Chesapeake, and cruise about, occasionally touching at Cape Charles or Fort Monroe for letters, newspapers, and provisions. Informality reigns, though there is a commedore, executive officer, purset, and steward selected from the club's members, on their craft, besides a crew which the captain furnishes, so there is a metry ship's company.

The secretary and treasurer of the club, who is ex-officio its purser when on board ship, is Mr. W. M. Williams, the well-known Venable-sireet druggist.

A most important officer on any vessel is the steward, and the club's steward is Mr. Parker T. Conrad, a Carystreet tolacco broker.
